

# Model QE404

The Frister family has a proud heritage of professional sewing machines and overlockers. Patented and manufactured to the highest standard – this is what reliable sewing is all about.

The best sewing and overlocking is done on a  
**frister+rossmann** – naturally

# Model QE404

The electronic range of Frister+Rossmann sewing machines are the result of many years of dedicated research and development. First class engineering and top quality materials combine together to make the Fantasy range a class apart, from fine fabrics to heavyweights, from sheers to knits, and you will not be disappointed by the results.

From the whisper quiet top loading bobbin and automatic tension unit to the built in needle threader and one step buttonholes - lots of user friendly, labour saving features which allow you more time to concentrate on your sewing.
