Innov-is A60SE

The Innov-is A60 Special Edition is packed full of intuitive features, which will help take your sewing to the next level.

Lightweight, the A60SE comes with its own hard case which makes it perfectly portable – essential when space is limited or when meeting up with friends for a crafting session.

With 60 built-in stitches and six automatic one-step buttonholes, this simple-to-use machine has something for whatever you want to create.

A large, clear LCD screen provides you with helpful information, like which foot to use for which stitch. With user-friendly technologies like a top-loading bobbin, lock stitch button, one-step needle threader and built-in fine tension settings, the A60SE provides professional finishes no matter what step of your sewing journey you're on.

A60SE Key Features

- 60 Stitches, incl. 6 buttonhole stitches
- Advanced one-action needle threader
- Lock stitch button
- Quick set bobbin
- Needle stop position (up/down)
- Stitch length and width control
- Start/Stop button
- Slide speed control
- Twin needle setting
- Hard case

Brother SupportCenter App

Find easy-to-understand support, advice and projects at your fingertips with the Brother SupportCenter App.

What you will find on the Brother Support App:

- Operation Manual (PDF format)
- Suggested combination of fabric, type of needle and thread
- How to use standard and optional accessories
- Stitch pattern chart
- How-to-use and How-to-make short videos

Intuitive user-friendly controls

Lock stitch, needle up/down and speed slide control is just some of the great sewing features of the A60SE.

Stitch Selection

Intuitive jog dials provide fingertip control of stitch functions and makes choosing stitches a breeze.

Automatic needle threader & threading

Threading is easier than ever before with the Brother 'one-action' needle threader and the easy to follow threading guides.

Optional Accessories

Create even more with your Innov-is A60SE. Explore our range of accessories to fire your inspiration. The only limit is your imagination!
